Are you concerned about the dramatic increase in Islamophobia and anti-Muslim hate crimes in the US? Do you want to send a message that bigotry and discrimination have no place in our communities? Do you want to learn how to use your voice and your personal story to make positive change? This four-hour workshop will empower youth with the tools to speak out publicly against Islamophobia, with a particular emphasis on using media to tell positive personal stories.

Note that while this event will focus on Islamophobia, the skills learned can be used to advocate for any issue of concern.

RSVP: Register early to reserve your spot! Online registration is available at:
