Add a Hebrew Keyboard on Your Cell

Good news! The Israel Committee of Congregation Beth Shalom has compiled some notes on how you can add a Hebrew keyboard to your smartphone. Thus you can start including Hebrew in the text messages and emails that you send from your phone. Plus, you can type Hebrew in other apps that you use on your phone. It is easy to switch between Hebrew and English keyboards. These notes apply to both iPhones and Android phones. Check it out! See the technology tip in the Lifelong Learning page here: <https://bethshalomseattle.org/community-and-adult-learning/lifelong-learning/>. Your feedback is welcome.
