A Jewish Knight at King Arthur's Court with Prof. Oehme

Long before being the language of the shtetl or the Jewish socialist movement, Yiddish had already experienced a golden age enchanting late medieval and early modern audiences. Prof. Annegret Oehme (UW) will lead us into an exploration of Old Yiddish literature, in particular, a tale about one of King Arthur's knights, Wigalois, son of Gawain. This shared German-Yiddish, Jewish-Christian tale about handsome knights, dangerous dragons, and singing dwarfs fascinated audiences from the middle ages up to today.
