## Project Zug and Summer Learning Opportunities:

We are excited to share that starting in June, Beth Shalom is beginning a new partnership with a program called Project Zug. Project Zug is run by the Hadar Institute, and features curricular materials for a variety of courses, facilitated by expert teachers and designed for learning with a study partner ("zug" is Hebrew for "partner"). We are planning to use Project Zug's materials to enrich our adult education offerings this year, and to serve as the curriculum for our Food and Friends groups. As our selihot program this year (Saturday night, September 21), we will formally kickoff our use of Project Zug by engaging in an evening of hevruta learning (learning with a study partner) together, committing ourselves to continuing to grow and learn as we move into the new Jewish year. Stay tuned for more information about Adult Education, Food and Friends, and this year's Selihot program as we approach the fall.

In the meantime, though, you can benefit from Project Zug (at no cost to you) over the summer! You can sign up for a course of your choice by going to [www.projectzug.org](http://www.projectzug.org) and creating a user account using the registration code 'CBSTorah' and then you'll have access to study. Please let Sarah Greenberg know via email

([sarahgreenberg@bethshalomseattle.org](mailto:sarahgreenberg@bethshalomseattle.org)) when you sign up. Feel free to study alone, but we also encourage you to find a hevruta (a study partner) and take advantage of the Seattle summer's long days by learning together!

If you have any questions, please contact Sarah Greenberg ([sarahgreenberg@bethshalomseattle.org](mailto:sarahgreenberg@bethshalomseattle.org)) or Rabbi Rose ([rabbirose@bethshalomseattle.org](mailto:rabbirose@bethshalomseattle.org)). Happy learning!

### **SAVE the DATE**

#### **Choosing the Best Healthcare System in the World Shabbat, 7/27 from 1:15pm in the Beit Midrash**

We will review the Washington State legislature's report on universal health care coverage. What is better for the U.S.

--- Medicare for All ... a national health service like England or Denmark ... national health insurance like Canada or Israel ... social health insurance like France or Japan ... public or private or a mixture? What can be done

to control costs, expand access to care, and improve health outcomes? If you have an hour after services, we can find the answers.

Ronnie Shure is a semi-retired pharmacist who spent his career in public health, mental health, and substance abuse treatment programs. He is a member of the Board of Directors of Temple Beth Am, and he also serves on the Board of Directors of Health Care for All - Washington.
